## Private Candidate Extra Information: GCSE Sciences

### GCSE SCIENCES FOR PRIVATE CANDIDATES

We accept GCSE science **re-sit entries** for all exam boards. These qualifications can be entered at either **higher tier** or **foundation tier**.

Alternatively, you can be entered for **International GCSEs** either with **Edexcel** or **Cambridge International**, as these assessments are 100% examination based and have no practical requirement but these papers also include questions about practicals and scientific method. UK colleges and Universities accept these qualifications but, if in doubt, please check with any institution that you want to attend to ensure that an IGCSE will fulfil their entry requirements.

Please research **Edexcel IGCSE** Biology 4BI1, Chemistry 4CH1, Physics 4PH1, Double award 4SD0, or Single award, 4SS0. There are no tiers of entry for these qualifications. Also, **Cambridge International IGCSE**, Biology 0970, Chemistry 0971, Physics 0972, co-ordinated science (double award) 0973, (all the above are graded 9-1) or single combined science 0653, (graded A\* - G). These can be entered at either 'extended' or 'core' tiers.

The Edexcel IGCSE options are the most popular with private candidates.

If you are interested in proceeding with an entry, please complete the application form.
