

Why choose a BTEC?

Young people taking their first step into a new career need the right balance of technical and academic skills to support them. Employers and Higher Education providers are looking for highly skilled, job ready individuals with a strong work ethic. The new BTEC Nationals have been created in collaboration with other 5000 universities, employers and professional bodies with employability at the heart. Learners will develop the skills and confidence they will need to step into a prosperous future.

1 in 4 university entrants has a BTEC

How many UCAS points is a BTEC worth?

UCAS Points	56	48	40	32	24	16
A Level	A*	A	B	C	D	E
BTEC	D*	D		M		P

What will I learn? How will I be assessed?

This subject is designed to allow candidates to develop an understanding and appreciation of the factors that lead to successful entrepreneurs and enterprises. Areas of study include marketing, business and personal finance and entrepreneurs themselves. There are 2 internally assessed units, 1 set assignment and 1 written exam. This approach means students can showcase for future employers how they apply their learning to practical, everyday workplace challenges.

Entrepreneurship This Way →

How will lessons be taught?

The BTEC is a very practical course and visits to local businesses, talks from entrepreneurs and practical investigations, will be the main feature of the learning.

Other methods:

Lecture style note making

Practical investigations (research into local businesses and entrepreneurs)

Group discussion

Individual research

Oral presentations to class.

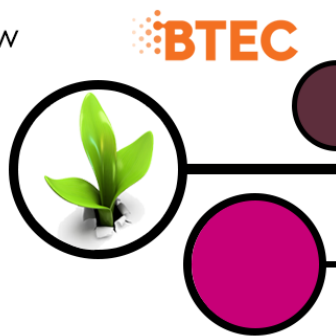

Where will success take me?

BTEC Enterprise and Entrepreneurship can match with any other subject. It is ideal for pupils that would like to set up their own business in the future, work in and develop a current family business or go onto university.

For university entry it would need to be combined with other subjects.
