Complete the online application form

To proceed with an exam entry, you will need to complete the online application form to confirm the personal details of the candidate and details of the desired qualifications. Any difficulties please contact the Exams Office.

Check syllabus requirements

Before making an application, you must check the specification/syllabus produced by the exam board to ensure that you are fully aware of the regulations and requirements involved. These can be found by searching the exam board websites.

Identify your entry codes

Entries are made using a specific entry code. This is usually a four character code. For AQA and CIE this code is usually four numbers, for Edexcel, OCR and Eduqas it is usually a combination of numbers and letters. Some qualifications also have option codes that are added on the end to indicate a particular paper combination or entry tier. It is vital that you supply the correct entry code. Making amendments after the entry deadline can prove expensive. Entry codes can be found by searching the exam board websites, looking at the qualification specification, or, in the case of re-sitting candidates, by looking at previous results slips.

Find your Unique Candidate Identifier (UCI number)

If you have completed exams before, you will need to supply your UCI (Unique Candidate Identifier) number. This is a 12-digit number followed by a capital letter that can be found on previous statements of entry or results. It is also contained as part of a longer code found on the bottom of some certificates (AQA). Please contact your previous exam centre to ask for your UCI, if necessary.

If you have never taken exams before, or took your exams before 1998, or whilst abroad, please indicate this on your application form.

IMPORTANT: If you have sat exams previously, you are going to sit exams at more than one centre, or you need to carry forward coursework/NEA/practical results, you must use your original UCI number.

Unique Learner Number (ULN)

If you have been assigned a ULN (Unique Learner Number), please supply it so your new qualification can be added to your personal learning record. This is a **10-digit number** that can be found on previous statements of entry or results. It is also contained as part of a longer code found on the bottom of some certificates (AQA). It is useful, but not necessary, to supply a ULN to make exam entries.

Identification

When completing the online application you will need to upload, a recent, clear, digital, passport type photo into the photo box on the application form. It can be a 'selfie' taken on your phone.

When completing the online application form you will also need to upload a photo or scan of the photo page of your passport or your photo driving licence. Other Photo IDs are accepted for example school/college/university IDs, a Post office PASS card (<https://www.postoffice.co.uk/identity/pass-card>) or a CitizenCard (<https://www.citizencard.com/>). The ID needs to be in date and valid up to and including the date of your last exams. **This photo ID will then need to be brought to this centre on the day of each exam.**

Fees

Once we have received and checked your completed application form, we will send a link by email for you to make the payment. **It is school policy never to enter private candidates without prior payment.**
